JULIAN CHICHESTER

Spring Season

Spring has sprung and we've a glorious host of new items to tickle your design taste buds. We've also got some exciting new finishes for you to discover, such as our Kiatt Rosewood.

Alongside our new designs we have refreshed some of our popular pieces in interesting new finishes and colourways, like the Bay Console now in our beautiful High Gloss Ivory Vellum. As if that wasn't enough choice, our bespoke service is always here if you desire a unique tailor-made piece to your own requirements.

 NEW ITEM / FINISH  MADE TO ORDER

SAMPLES & FINISHES

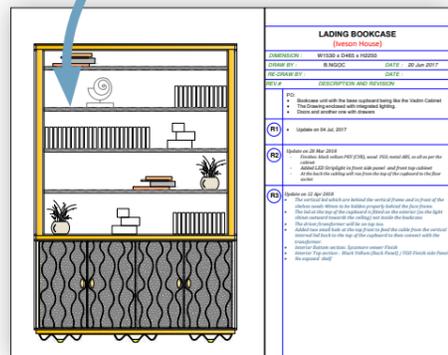

We are constantly evolving exciting new finishes and using new materials. Because their immediate surroundings can influence their appearance and they reflect light, the same surface can often look very different, as shown above.

Across our extensive photographic image bank we endeavour to demonstrate how different the same finish can look against a white background and in a room setting. We have samples of every finish available and recommend that you request these at point of order.

We offer an extremely wide-ranging selection of Metallic, Wood or Faux Shagreen finishes and can also provide other artisan-crafted options, such as in Leather, Brass, Bronze, Mirror, High Gloss Vellum or Antique Gesso. Each of these finishes has natural variations in colour and appearance which are an integral part of their beauty and attraction, and these can also vary between different production batches.

S E R V I C E S

'Off the peg' furniture is all very well, but what if you have an awkward space to fill or existing pieces that you wish to match in some way? Don't despair – Julian Chichester takes just that sort of bespoke work easily in their stride.

Julian Chichester has been making bespoke furniture for over 20 years. Demand for one-off pieces continues to grow and the company thrives on meeting these desires. Their in-house design team and fabrication capacity often exceed expectation, from inspiration to execution.

Understanding that standard furniture does not always tick every box, they offer a service which allows customisation of existing designs to suit individual needs or they work alongside clients who require a completely bespoke model. They relish achieving unusual results – it's an exciting, innovative and rewarding process. Clients' needs and how to resolve them within budget are the engine of their creativity.

Inspiration

A scribbled idea on the back of an envelope, a moodboard or just a conversation – it doesn't matter how the process starts.

As a manufacturer, Julian Chichester offers the flexibility for creating single items or high volume rollouts of case goods. Special adaptations can also be made, for minibars, TV and media housings, or other requirements.

Creation

The knowledgeable and creative CAD design team draw up the designs for refinements to be applied, prior to client approval.

Julian Chichester's experienced team work with you to ensure every detail meets the required industry standard. For example, yachts and superyachts may require rodded tables or surface waterproofing applied.

Dedication

Safety and durability are critical factors for contract furnishing projects and are integral to the manufacturing process.

Specifiers can rest assured that safety, strength and durability, as well as surface and weight testing, are all carried out by industry specialists, such as Sherwin Williams or FIRA, as required by the client.

HOSPITALITY & CONTRACT

We're proud to be seen in many independent boutique hotels, spas, resorts and prestigious hotel groups worldwide, including:
